Dear Charles,

What do you think of this book, STORIA DELLA
MAFIA, by Gaetano Falzone, which I enclose? I find it very
important and useful, too, as it shows a different outlook
on the Mafia, as seen by a professional historian. Read
it please. I think you will like it.

Perhaps you could return the book when we
next meet, with your comments.

Yours truly,

dictated by prof. Montuori
and signed in his absence.
